THE SAFEST AND BEST INVESTMENT

IN THE WORLD IS STOCK IN THE SOUTHERN LAND COMPANY.

12 PER CENT AND ALSO EQUAL PROFITS. INTEREST AND PROFITS PAYABLE EVERY THREE MONTHS.

SHARES \$10.00 EACH!

WE ARE AUTHORIZED by the SOUTHERN LAND COMPANY to piace on sale ONE THOUSAND SHARES ONLY of stock in series A of said company at the ex-treme low price of TEN DOLLARS EACH. \$10 per share with a guarantee and piedge of not less than 12 PER CENT AND ALSO AN EQUAL PROPOR-TIONATE SHARE in the profits arising from the investment of total capital of series A in proportion as the number of shares purchaser holds bears to the total number of shares issued.

BY THIS PLAN a purchaser may invest any amount from \$10 up to \$1,000 with a guarantee of 12 percent thereupon and an honest, equal share in the Profits.

PURCHASERS ARE SECURED by the actual holdings of series A of the company (of which they become a part and parcel), amounting to over \$100,000, and consisting of Improved Real Estate, Investments,

to.

UNDER NO CONSIDERATION WHATEVER will he total number of shares issued exceed 1,000, nor will any one purchaser be allowed to subscribe and pay or more than 100 shares nor less than one single hare at the uniform rate of TEN DULLARS PER

for more than 100 shares nor less than one single share at the uniform rate of TEN DOLLARS PER SHARE.

SHARES MAY BE WITHDBAWN at any time upon thirty days' notice, the holder thereof being entitled to interest thereupon within the first three months and to both interest and dividends for all time thereafter—PROFITS OB DIVIDENDS BEING DECLARED OR DIVIDED EQUALLY every three months. There is no system of forfeiture, penalty or enforced holding of shares for a time beyond which it may be inconvenient or impossible for the purchaser to hold out. The profits are not jobbed up by a few.

THE LIMITED NUMBER of shares offered and the low purchase price make this the safest, surest and most profitable investment ever offered in Washington.

BETTER THAN A SAVINGS BANK.
Because it pays about four times the interest.
Because the shares are on the same security.
BETTER THAN A WESTERN MORTGAGE.
Because it pays three times as much interest.
Because shares are on established values.
BETTER THAN AN INSURANCE POLICY.
Because you do not have to die to win.
Because you get the profits of your investment at any timp if you wish to withdraw it.
Because you protect yourself as well as your family. Because you protect yourself as well as your family.
BETIER THAN GOVERNMENT BONDS.

Secause it pays five times the interest. Secause you can realize quicker and it is just as BETTER THAN RAILROAD STOCK. ecause shareholders are not liable for anythin because shareholders are not hade for anything—they own everything.

SALE OF SHARES COMMENCES MONDAY, NOVEMBER 10, 1890, and CLOSES SATURDAY, NOVEMBER 15, of same WEEK.

OFFICE HOURS: 9 a.m. to 6 p.m. and Wednesday
and Saturday evenings until 9 o'clock.

Orders by mail promptly attended to.

IN HONOR OF THE OLD ROMAN.

tinguished Visitors Arrive. COLUMBUS, OHIO, Nov. 13.-Today marks the seventy-seventh anniversary of the birth of Allan G. Thurman, the "Old Roman" of Ohio democracy, and the democrats of the nation have made the occasion one to do homage to their distinguished mentor. At the armory this evening 1,000 guests, representing the supreme intelligence and leadership of the party of the country at large, will be seated at the banquet to be given by the Thurman Club of this city to commemorate the occasion.

COLUMBUS IN GAY ATTIBE. The city of Columbus is in gala attire today, and although the banquet is to constitute the only public ceremonies of the day the entire city presents a scene of unusual activity. From the summit of the capitol is proudly waving the stars and stripes, and across the principal streets and in front of thousands of dwellings are suspended the flag of the nation and various banners and floral decorations.

From early morning every incoming train brought to the city a contingent of prominent democrats from abroad, and all day Judge Thurman has been the recipient of congratulatory calls. Ex-President Cleveland and Col. ARE YOU DOING YOUR BEST? Lamont came in on an early train and were es-corted by Mrs. Campbell to the executive mansion, where they are the guests of Gov. Camp-bell. An hour later Scnator Calvin S. Brice arrived at the mansion and the ex-President and himself made an early forenoon call on the distinguished Ohioan. Gov. Campbell is still far from well and it is doubtful whether he will be able to attend the banques. THE "OLD ROMAN'S" HEALTH.

The sunshine of the pleasant autumn day seems to have added vigor to the frame of the "Old Roman, who, as he shook the hand of Mr. Cleveland, so warmly extended in congratulation, assured his caller that he had not felt so well for many months, and that he hoped still to weather a few more years.

"But," said he, "I have lived long enough to find myself more than appreciated by the many kind friends who have remembered me

of the Fifty-second Congress.
At 11 o'clock this forenoon a public reception took place at the governor's office, where ex-President Cleveland met the many distinguished representatives of that party which scknowledged him as the leader.

MR. CLEVELAND'S RECEPTION. During the reception at the state house the firing of twenty-one guns welcomed Mr. Cleveland to the state of Ohio. The clamorous crowd which assembled in the building would not depart without personally greeting the ex-President, and a line was formed, and as the multitude ebbed through Mr. Cleveland shook the hands of the enthusiastic admirers. By his side stood Gov. Campbell, who had ventured out for the first time during the day; Congressman Outhwaite, Hon. Jos. E. McDonald of Indiana and several other democrats of national celebrity.

Senator John W. Daniel of Virginia will not be able to attend the banquet. In view of the trying exercises of the even-ing yet in store, Judge Thurman did not venture out to the capitol reception, and by tacit agreement was graciously permitted a few hours' rest by his visiting admirers. The reception lasted till 12:30.

NEARLY 100 PERSONS HURT. An Overland Pacific Train Goes Through

a Trestle in Oregon.

TWO CENTS.

SALEM, ORE., Nov. 13. -Shortly after 8:30 o'clock last night the overland Pacific train south-bound went through the north end of a long trestle over Lake Labish, about five miles from Salem. The trestle must have given away as soon as the engine struck it, and the train and trestle all went down together. The engine was overturned and half buried in the mud, and following this were the tender, mail, baggage and express cars, smoking car and tourist sleeper. All were broken to pieces.

and an unknown man were killed.

The following are among the injured: Capt. Jack Crawford, the poet scout, bruised; Sam'l Anson. of New York city, side and back sprained; Mrs. T. C. Beerley and May and Nellie Boyle of Missoulo, Mont.; Wilson Berry of North Dakota, injured about the throat; C. M. Barrow of Ellsworth, Kan., back sprained; Fred Waite of Ellsworth, kan., sprained and it is thought received internal injuries; Dr. Hammel and wife of Philadelphia, both injured about the spine; they were returning from a about the spine; they were returning from a trip around the world; J. L. Kimberlee of Neenah, Wis., back hurt; C. G. Rieble, a traveler for the Val Blatz Brewing Company of Milwaukee; G. G. Newham of Pleasant Forks, Can., painfully injured about the throat; Jas. McGarry, United States marshal of Salt Lake, Utah, nose broken, leg probably broken and badly injured internally; it is feared he will

The train carried over 100 persons, nearly all of whom were more or less injured. HOW A COACH WAS SAVED.

The first-class day coach was saved from going over, alighting with the front end on an old tree broken off about even with the trestle. The seats in the car were every one broken to splinters and the partitions in the car were broken into kindling wood. Then followed the smoker, the seats in which were nearly all broken. Next was the tourist sleeper, in which were some twenty-five or thirty passengers. Of this number only three were uninjured. Next was the Pullman car Alatia, with seventeen sengers, and only three escaped without inury. The next and last car was the Pullman Roseburg, in which were fifteen passengers. Only four of these escaped with slight bruises. In the smoker and day coach every seat was occupied. The mail, express and baggage cars overturned.

The total number of deaths from the accident will probably reach as high as ten, as many have sustained what it is feared will prove serious internal injuries. The body of a tramp was taken out of the wreck, making four dead recovered. Fires were built along either side of the train to keep the wounded warm, who had been removed from the wreck and to light the way of the workers, who had hastened to the rescue from this city and

HOW THE SERPENT SANK. The Cruiser Hurled on the Sharp Rocks and Her Keel Stove In.

LONDON, Nov. 13.-Later advices from Cape Buey in the province of Coruna, Spain, the scene of the wreck of the British torpedo cruiser Serpent, state that at 11 o'clock Monday night, in the midst of an impenetrable darkness the war ship struck the reefs bows on. She was hurled upon the rocks with such tre-mendous force that their jagged edges tore her keel as readily as a match might be split by the sharpest knife. A moment later a mammoth wave lifted the cruiser high above the reef only to dash her back upon its stony face the next instant with a great hole stove in her bottom. With the next sea the unfortunate vessel slipped from the rocks into deep water. Through the awful gap in her hull the water rushed in by the hundreds of tons and then, in the midst of awful blackness of the night, the howling of the wind and the hoarse roar of waters beating against the fatal reefs, the cruiser Serpent with nearly three hundred men plunged to the bottom of the Atlantic

ocean. DROWNED BELOW DECKS.

At the moment of the fearful catastrophe the great majority of the ship's company were bethe deadly peril that it was impossible for them to launch a single boat. So over-whelming, so sudden and complete was the disaster, that of the great ship's company no human being made a sign or uttered a try as

they were swallowed up by the waters. THE THREE SURVIVORS. The three wretched survivors of the calam

ity, torn by the cruel rocks, to which they marvelously clung until rescued, have been re-England as soon as their condition will permit of their removal, to testify before the inquiry which will be held by the board of admiralty. The queen is full of solicitude and has again telegraphed the expression of her sympathy and a request that she be furnished all the information obtainable bearing on the disaster.

The officials at the admiralty office state that

when the loss of the serpent occurred she was trying to make either Corunna or the Bay of Vigo for repairs. The cruiser had passed through a hurricane and was partially dis-STORIES ABOUT THE VESSEL Strange stories are affoat in regard to the illfated cruiser Serpent. It is alleged that she was bungled in building and that her test trials under steam were farces. These allegations are now said to have been matters of common gossip among the sailors ever since the vessel was launched, but if so they never reached the general public in print. It is known that the men complained of the brutality of the captain, who threatened to repay them by severe chastisement. There were several deser-

tions from the vessel during her last voyage.

The admiralty are suppressing all details of this kind as far as possible, and the complete story will probably not be made public until the report of a board of inquiry into the dis-aster is made and perhaps not then. AN OFFICIAL STATEMENT. An official statement regarding the loss of the Serpent has been issued. It shows that the vessel had 176 men on board, of which number only three scamer, were saved. The Spanish government has been asked to assist in recovering the bodies of the lost, the British government offering a reward for each body. The British vice copsul at Corunna has gone to Camarinas to make inquires of the survivors regarding the disaster.

ACTIVE AND STRONG.

Confidence Seems to Have Been Regained in the Stock Market. New York, Nov. 13.-The stock market this morning felt the influence of the suspension of the North River Bank and the disclosures in regard to the North American Company, and first prices showed a reversal of the confident tone of last evening, being generally large tone of last evening, being generally large fractions lower than yesterday's final figures, while North American was 2% lower at 16, Atchison and Big Four 1½ each, Louisville and Nashville 1½, and several others 1 per cent. A flood of North American was poured upon the market in the first few minutes' trading and the price dropped suddenly from 16 to 7, a loss of 11½ per cent from last night. Some of the others sympathized with this weakness, and Louisvilla and Nashville fell away 1½, Atchison 1½, Northern Pacific 1, the preferred ½, and X, Northern Pacific 1, the preferred X, and

others smaller fractions.

The market outside of North American not specially active, and, with the absence of special pressure to sell, came a material reaction, North American going back to 1134 and settling to about the level of 11 for the remainder of the hour. The confident feeling, mainder of the hour. The confident feeling, however, was soon restored and the activity increased toward the end of the hour, while prices advanced more rapidly, the gains over the lowest prices of the early dealings extending to 2½ per cent, C.,C.,C. and St. Louis, Reading, Atchison, Northern Pacific preferred, Louisville and Nashville and Rock Island being most prominent in the upward movement, which carried most of the list beyond the prices of last evening. The market at 11 o'clock was active and strong at the highest prices of the active and strong at the highest prices of the

stock at the opening than was in North American when the chairman's hammer fell. There were at least 200 brokers struggling to reach a common center. Everybody wanted to sell, and for a few seconds bids were undistinguishable. Meantime brokers offering the stock in one part of the crowd headed brokers on the other side offering it I per cent lower, where-upon they went I per cent lower yet and scrambled over each other to get bids at any price. Within three minutes the price had failen from 1 to 8 per cent and sales were said to have been made at 7. Buyers were found, however, at 9 and as soon as traders saw orders to buy, they seized what stock was offered at 16 and the price was run up to 12. Supplies then became liberal and the price went back to 10% and really steadied around 11. A prom-inent operator was credited with having distributed among many brokers orders to sell small lots. The best buying was by German THE ACTIVE BUSINESS SUSTAINED.

The active business was sustained in the stock market after 11 o'clock, but the high prices of the first hour were not surpassed and a declining tendency was developed. Only a portion of the early advance was lost, however, though Northern Pacific preferred declined 1½ to 62, C.,C.,C. and St. Louis 1 to 62, North American 2 to 10. The Villards were most active, but Reading, St. Paul and the other respects were still prominent in the dealings. grangers were still prominent in the dealings, which did not reach the totals of the past few days. The downward movement made further progress in the Villards later in the hour and North American retired to 9, but the general list was fairly well held and at noon the market was active and steady, generally at small fractions better than the opening prices. QUIET IN THE AFTERNOON.

The stock market after 12 o'clock was rather quiet in comparison with the heavy trading of the past few days and with a firm tone. The best prices of the forenoon were generally again reached. Decided weakness developed toward 2 p.m., however, and sugar refineries, which had been kept quiet all the forenoon, became the leader of the decline, dropping from 58 to 54%. Tennessee coal lost 3 at 33 and Louisville and Nashville 11/4 to 71%, St. Paul 11/8 at 48%, Northern Pacific preferred 1% at 60% and Atchison 1% at 30%; the rest of the list retiring generally small fractions.

After some hesitation the decline was re-

sumed and Union Pacific scored a loss of The downward movement then ac tional force and everything went, the market becoming again demoralized and be-fore delivery hour all the forenoon's as the doctors from Salem arrived they set advances were completely wiped out, with frac as the doctors from Salem arrived they set about dressing wounds and administering to the needs of the injured.
